Each player puts a counter on Start. Players take turns to roll the dice, move forward that many spaces, answer the addition, then cover the answer on the sandcastle with a counter. If the number is covered the player doesn't cover any number on this turn. If a player lands on a starfish, they can cover a number of their choice. The winner is the player who covers the last number on the sandcastle.

Make 15 At the Beach

a game for 2 players

Need: counters

Players take turns to cover two or three numbers that add to 15, e.g. a player could cover 6 and 9 with two counters or 5, 6 and 4 with three counters. The last player to cover two or three numbers that add to 15 is the winner.
